Re: Anne Arundel County  
MD 3 at Conway Road  
Halle Landfill  
Mile Post 2.21

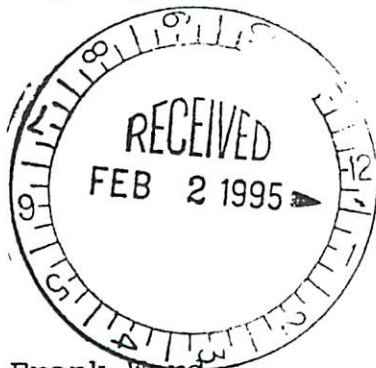

Dear Mr. Chisholm:

As we recently discussed, your access permit application package was placed on hold due to the unresolved status of the proposed landfill.

We realize the intersection improvement is one of the conditions to be met in conjunction with final approval by Anne Arundel county and this action is by no means meant to permanently inhibit your proceeding with the improvement. However, historically, issuance of an S.H.A. access permit is not done until final approval from the county is received.

We ask that you inform this office upon the final outcome and we will issue the permit as soon as possible should you receive a favorable decision by the county.

Thank you for your cooperation and if you should have any questions or wish to have your bond returned, please contact Mark Redmond at (410) 333-1350.

Very truly yours,

Ronald Burns, Chief  
Engineering Access Permits  
Division
