Re: Chesapeake Terrace Rubble Landfill, Odenton

Dear Sir or Madam,

In 2011 a notice regarding the application for Permits to Appropriate and Use Waters of the State was received by our office. The Department of Recreation and Parks has no position on this project except as it concerns access to and from the landfill. Specifically, this would be access proposed across parcel 21, which is currently owned by Anne Arundel County.

Board of Appeals case numbers BA 120-90S and BA 26-91S/BA 27-91V as well as plans by J.A. Chisholm P.E., Inc. dated December 2002 and titled Entrance Road for Chesapeake Terrace Rubble Fill reference access across parcel 21 to Conway Road. Anne Arundel County acquired parcel 21 in December 2004 by utilizing a State grant known as Program Open Space. This program restricts the use of properties to open space or recreation area. Access across the property for other purposes, such as the landfill, is not permitted.

Sincerely,

Rick Anthony  
Director
